Financial assistance is funded primarily by tuition and fees, the parish subsidy and fund-raising and is not intended to cover the majority of a family's tuition. Assistance does not cover fees, the parish commitment, SCRIP, the mandatory fund-raising commitment or any other obligations to the school or parish. Assistance is granted entirely on a need basis, constrained by the total amount of funds available. As much as we would like to, we are unable to meet all demonstrated need.

Tuition assistance applications are reviewed by the principal and school business manager, and all information contained in them is strictly confidential. Financial aid awards are confidential agreements between the family and the school. Therefore families may not discuss tuition assistance information with anyone else.

How much tuition are you able to pay each month? _____

Please indicate your reasons for requesting financial aid, and include any additional information that will assist the committee in evaluating your request. Please use the back of this page or a separate sheet if necessary.

This application must be completely filled out and submitted to the school office with copies of your 2014 and 2015 Federal Income Tax returns by April 25, 2016. If you own your own business, we will also need copies of your business tax returns. We are unable to process your application without copies of your tax returns.

If parents are living separately, we ask that both submit financial information and tax returns. If only one parent is providing information, please explain.

To the best of our knowledge, all of the information submitted is true and accurate.
